

Science and Faith are not mutually _____, but mutually _____.

Metanarrative (_____ / Story)

Three essential worldviews:

- _____
 - ▶ The physical world is an _____. Only the metaphysical. is truly _____.
- _____
 - ▶ Only the _____ world is real. Spiritual things are a mere _____.
- _____
 - ▶ Both physical and metaphysical things are equally _____ and _____.

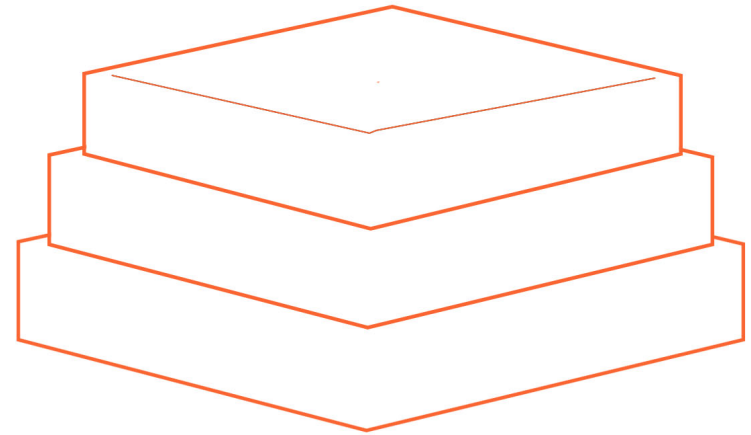

Science:

A: Systematic _____ of the physical or material world gained through observation and experimentation.

B: The study of what _____ has made.

Faith: Confidence or _____ in a person or thing.

Both Naturalists and Theists look at the same body of _____, but draw differing _____.

- Worldviews can't be _____ by physical evidence but they can be _____ by physical evidence.
- Both systems have the same _____, but reach vastly different _____.
- We draw our _____ from our observations based on our worldview.

Any scientific understanding must be built upon a foundation of _____ in an _____ worldview.

Where _____ ends _____ begins.

Both naturalists and theists have access to the same body of _____ and both depend on a great deal of _____.

Naturalism is actually just as great a _____ system as any so-called _____ system of thought.

Who values science more?

To ignore the _____ of science is to strip it of its beautiful and grand _____.

“Choose Your _____”

Both theism and naturalism rely on the _____.

A Zillion or ____?

5 Reasons The Science And Faith Friendship Matters:

1. It leads us to _____ the God who made everything.
2. It helps us _____ science for all that it was meant to be.
3. It removes the _____ of science as the absolute or objective standard.
4. It reinforces the _____ of the Christian worldview as at least as _____ and reasonable as any other.
5. It leaves room for a _____ about faith with every person.
